REVIEW OF PUBLIC ASSISTANCE

In December, the state and county Departments of Public Welfare expended a total of \$746,795.07 for public assistance including medical care. Expenditures from county funds for county physicians and lump-sum hospital contracts are not included in the above total. Old Age Assistance, the largest program from the standpoint of numbers as well as of expenditures, accounted for 66% of the total; Aid to Dependent Children for 18%; Aid to Needy Blind for 3%; and General Relief, including subsistence, medical care, hospitalization and burials, for 13%. (See table I, page 4.)

Caseloads for the four maintenance programs increased over the previous month. Old Age Assistance, Aid to Dependent Children, and Aid to Needy Blind increased slightly, while General Relief subsistence, principally because of 204 special grants in Deer Lodge County, increased more than 30%. The number of recipients of medical care, hospitalization and burials, which fluctuates widely from month to month as well as seasonally, decreased substantially from the previous month.

The accompanying table presents the distribution by dollar intervals of Old Age Assistance and Aid to Needy Blind grants for the month of December. It will be noted that grants for Old Age Assistance ranged from \$8 to the maximum of \$50 with 5,579 (51%) of the grants concentrated at the maximum. Aid to Needy Blind grants ranged from \$12 to \$50 with 293 (63%) at the maximum.
